

## Business Match Photo Competition

Over 30 Young People met and photographed local businesses. The best photos became an exhibition and are now on the Business Match website, [www.businessmatch.org.uk](http://www.businessmatch.org.uk). Winners received some brilliant prizes including work experience placements and a trampoline party. The idea was for young people to learn about and understand the local economy, what businesses are already here, and how we need to get along together.
